## NEIMAN MARCUS GROUP LTD LLC NON-GAAP FINANCIAL MEASURES (UNAUDITED)

To supplement the Company's financial information presented in accordance with GAAP, it uses Adjusted EBITDA to monitor and evaluate the performance of its business and believes the presentation of this measure enhances investors' ability to analyze trends in its business and evaluate its performance relative to other companies in its industry. The Company defines Adjusted EBITDA as earnings before interest, taxes, depreciation and amortization, further adjusted to eliminate the effects of items management does not believe are representative of the Company's ongoing performance. This financial metric is not a presentation made in accordance with GAAP.

Adjusted EBITDA should not be considered as an alternative to operating earnings or net loss as a measure of operating performance. In addition, Adjusted EBITDA is not presented as and should not be considered as an alternative to cash flows as a measure of liquidity. Adjusted EBITDA has important limitations as an analytical tool and should not be considered in isolation, or as a substitute for analysis of the Company's results as reported under GAAP.

These limitations include the fact that Adjusted EBITDA: (i) excludes certain tax payments that may represent a reduction in cash available to the Company; (ii) excludes certain adjustments for purchase accounting; (iii) does not reflect changes in, or cash requirements for, the Company's working capital needs, capital expenditures or contractual commitments; (iv) does not reflect the Company's significant interest expense; and (v) does not reflect the cash requirements necessary to service interest or principal payments on the Company's debt. Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and Adjusted EBITDA does not reflect any cash requirements for such replacements. In addition, other companies in the Company's industry may calculate Adjusted EBITDA differently than it does, limiting its usefulness as a comparative measure.

The following table reconciles net loss as reflected in the Company's condensed consolidated statements of operations prepared in accordance with GAAP to Adjusted EBITDA (figures may not sum due to rounding):

(in millions)	Thirteen weeks ended	
	October 29, 2016	October 31, 2015
Net loss	\$ (23.5)	\$ (10.5)
Income tax benefit	(23.3)	(6.3)
Interest expense, net	72.1	71.7
Depreciation expense	56.9	55.9
Amortization of intangible assets and favorable lease commitments	27.3	29.0
EBITDA	\$ 109.5	\$ 139.7
Incremental rent expense related to purchase accounting adjustments	2.5	2.7
Non-cash stock-based compensation	1.4	2.0
Expenses incurred in connection with openings of new stores / remodels of existing stores	2.7	2.9
Expenses incurred in connection with strategic growth initiatives	6.6	14.4
MyTheresa acquisition costs (benefits)	(0.6)	2.5
Other expenses	0.9	0.2
Adjusted EBITDA	\$ 122.9	\$ 164.3

Excluded from the calculation of Adjusted EBITDA are the estimated impacts from the launch of the Company's new NMG One integrated merchandising and distribution system in the first quarter of fiscal year 2017. The Company has experienced various issues with respect to the functionality and capabilities of certain portions of the new system. These issues primarily related to the processing of inventory receipts at the Company's distribution centers, the transfer of inventories to its stores and the presentation of inventories on its websites. These issues prevented the Company from fulfilling certain customer demand in both its stores and websites that the Company estimates resulted in approximately \$30 to \$35 million of unrealized revenue. The Company also incurred additional expenses in amounts that it believes are not material to allocate resources to address these issues. In addition, the Company estimates these unrealized revenues adversely impacted its operating earnings and Adjusted EBITDA for the first quarter of fiscal year 2017 by approximately \$13 to \$16 million.
